Neighbourhood Children's classes committed to bringing out the spiritual qualities of children through stories, music, crafts and service projects.

Based upon the Bahá'í concept that children are a *"mine rich in gems"* we will be learning together about ways to understand and practice the following principles and qualities;
Respect, Trustworthiness, Kindness, Justice and fair mindedness, Service

We invite your children to join ours to participate in these classes; parents and youth are also welcome to be involved.

Who are we?

We are Bahá'ís living in the community.
The Bahá'í Faith is a world Religion devoted to promoting unity, tolerance and understanding. Bahá'u'lláh, the founder of the Bahá'í Faith wrote, *"Be anxiously concerned about the needs in the age ye live in."* Beginning these children's classes to help develop the spiritual qualities of the children in our community is an attempt to contribute to the well being of our neighbourhood.
