CLASSES

The Junior Youth Spiritual Empowerment program seeks to endow young people between the ages of 12 and 15 with the capabilities needed to effect their own transformation and the transformation of their society. This age represents a special group with special needs as they are somewhat in between childhood and youth when many changes are occurring within them. The Junior Youth Group serves as an environment of mutual support for its members through weekly gatherings where they:

Study an internationally developed curriculum that enhances language and expression development,
Engage in artistic activities,
Plan and carryout service projects,
Participate in recreational and sports activities, and
Explore different cultures through crafts, history, music, and cuisine

The curriculum has been developed to enhance their power of expression and assist them to recognize the moral issues underlying everyday decisions and identify the moral implications of speech and action.

Who are we?

We are Bahá'ís living in the community. The Bahá'í Faith is a world Religion devoted to promoting unity, tolerance and understanding. Bahá'u'lláh, the founder of the Bahá'í Faith wrote, "Be anxiously concerned about the needs in the age ye live in." Beginning these junior youth classes to help develop the spiritual qualities of the youth in our community is an attempt to contribute to the well being of our neighbourhood.
